

PREGNANT?

PROTECT YOUR BABY!

SEE A DOCTOR FOR PRENATAL CARE!

Up to **40%** of pregnancies in women with untreated **syphilis** may result in **miscarriage**, **stillbirth** or **infant death**.

For more information, contact your local
Florida Department of Health STD Program at

Or contact the Florida Department
of Health, STD and Viral Hepatitis
Section by email at
STD.feedback@flhealth.gov
