RULES REVIEW AND/OR DEVELOPMENT

20. Rule 64B8-41.001 F.A.C., Fees.

The Board of Medicine reviewed the Council’s proposed changes to rule 64B8-41.001, F.A.C., at the December 6, 2018, meeting.

The Board tabled action on the rule pending receipt of additional information.

After the meeting, additional information was provided which explained the Council’s reasoning and rationale for lowering the endorsement fee from \$75.00 to \$5.00. The delay in implementing the temporary renewal fee reduction from \$95.00 to \$75.00 will prevent implementation for the 2019 renewal. In addition, subsection 456.036(7), F.S., prevents the delinquency fee from exceeding the renewal fee. The \$95.00 delinquency fee will need to be lowered to \$75.00 for the two biennia that the

renewal fee is lowered. These changes have been discussed with the Senior Budget Analyst and do not impact her determination the changes can be supported from a budgetary standpoint.

Revised rule language was provided for your consideration. Although the fee rule and the rules implementing the revised licensure application (42.001 and 42.002) are separate, the licensure application is also delayed as the endorsement fee impacts the application.

Ms. Guillemette discussed options for providing representation at a future Board of Medicine meeting to address any questions the Board may have.

25. Change in Entry Level Registration Eligibility Requirements

The Council staff received documentation regarding a change in Commission of Dietetic Registration (CDR) entry level registration eligibility.

Effective January 1, 2024 CDR is changing the eligibility education requirements from a baccalaureate degree to a minimum of a graduate degree.

Council staff reached out to CDR to ask if this would affect using their exam for state licensure purposes; as our rule indicates the use of the CDR exam in 64B8-42.002 (5).

The state licensure method relates to applicants that have applied by examination. Once the Council reviews and approves an application, staff will submit the applicant to CDR for testing. Once the applicant passes the exam, they will be issued a license for the state of Florida. The

applicants will not receive the “RD” credential; but will have a record of taking a CDR exam and passing it.

The correspondence with Christine Reidy, Executive Director of CDR, was provided in the attachments to the Council.
