

Children's Environmental Health Day

Thursday, October 10, 2024

Children's Environmental Health (CEH) Day is a day for child health advocates to raise awareness of the children's environmental health issues like clean air and water, safe food and products, and healthy places for children to live, learn, and play.

Florida Choose Safe Places is celebrating CEH Day by promoting children's environmental health and helping child care providers choose safe locations, away from environmental hazards.

Visit CEHday.org for more information or scan the QR code for a list of available events by state.
