

Florida Department of Health

Maternal and Child Health Needs Assessment 2025

The Florida Department of Health's Bureau of Family Health Services needs your help to gather information about the health care needs of women, children, and their families, including those with special health care needs.

The purpose of the surveys is to identify available services in your area and address solutions to community health care challenges.

Scan the QR code here or visit FloridaHealth.gov/MCHsurvey to complete the survey.

Deadline to complete survey is **February 12, 2025.**

The data being collected from the survey will provide the Bureau of Family Health Services with valuable feedback for long-term program planning that supports the health needs of Florida's women and children.

Caregiver Survey

For parents and caregivers of a child, youth, or young adult with special health care needs.

Youth Survey

For youth and young adults (if under 18 years of age, you will need to provide parental consent within the survey).

If you would like to receive a paper copy of the survey, please contact MCH-Block-Grant@FLhealth.gov or call **850-245-4465**.
