

Ed and Ethel Moore Alzheimer's Disease Research Program

Funding Opportunity Announcement

FY 2024-2025

ADDENDUM III

Changes to the FY 2024-2025 Funding Opportunity Announcement:

Page 41: Alzheimer's budget does not have a personnel budget narrative.

Eliminating the personnel budget narrative prevents duplication of efforts and saves the principal investigator valuable time. In the Uploadable Forms section of the application, immediately after the budget narrative, the principal investigator is asked to submit their biographical sketch and the biographical sketches of key personnel. The contribution of other supporting personnel should be able to be determined by their role on the project listed next to their name.

Page 41: The budget narrative form has a title Biomedical Research program.

The Ed and Ethel Moore Alzheimer's Disease Research Program budget narrative form has a title Biomedical Research program because the program is administered by the Florida Department of Health Public Health Research Biomedical Research section.
